Product overview

Introduction

SmartBand 2* is an innovative life logging wristband that monitors your pulse, Heart Rate Variability (HRV), your movements and the quality of your sleep. SmartBand 2 is compatible with both Android™ and iOS devices.

SmartBand 2 gathers information on your daily activities. The sensors on the device can help you gauge physical exertion when you exercise by monitoring your pulse and the changes in your heart rate. With the SmartBand 2 on your wrist, it can count your steps whether you're out for a stroll or jogging in the park. It also has a smart wakeup feature that wakes you up at the best time in the morning based on your sleep cycle.

Once paired with a compatible Android™ or iOS device, SmartBand 2 uses 3 LEDs and vibrations to notify you when an alarm, a message or a call arrives. You can even use SmartBand 2 to control media playback or the camera on your mobile device.

** This device is not a medical device. It is not intended for medical use or to replace the advice of a qualified medical professional. Please seek medical advice before undertaking any new or altered training regime using this device, particularly if using this device together with a pacemaker or other medical devices.*

Technical specifications

Processor	ARM Cortex-M0 32-bit processor
Size (module)	40.7 x 15.3 x 9.5 mm
Length of wrist band	250 mm
Weight	
Module	6 grams
Wrist band including module	25 grams
Available colours	
Wrist band	Black, White*
Module	White
Keys	Power key (On/off)
Vibrator	Yes
LED	3 RGB LEDs
Memory	

Flash memory	256KB internal embedded flash memory
RAM	32KB
Sensors	
Accelerometer	Yes
Heart rate sensor	Yes
Bluetooth	
Bluetooth specification	4.0, supports Bluetooth® Low Energy, Heart Rate Profile
Transfer rate	< 3Mbps
NFC	Yes, for One-touch pairing and mobile device access
USB	Yes, standard micro USB for charging
Battery	
Type	Lithium-ion
Charge time	1 hour and 15 minutes
Usage time	
With normal mode enabled	Up to 2 days
With STAMINA mode enabled	Up to 5 days
With Heart activity mode enabled	Up to 10 hours
Environmental data	
Operating temperature range	-20°C to +60°C
Operating humidity range	5% to 99% RH
Storage temperature range	-40°C to +85°C
Storage humidity range	20% to 95% RH
Charging temperature range	10°C to 32°C
Water and dust classification	IP68**

* Additional colours will be made available for the Sony SmartBand 2 after the product launch.

** In compliance with IP68 standards, this accessory is protected against the ingress of dust and water. Provided that all ports and covers are firmly closed, the accessory can be kept under 3 metres of freshwater for up to 30 minutes in compliance with IP68. The accessory is not designed to float or work submerged underwater outside the IP68 classification range, and such use may lead to your warranty being void.
